Mounting Kit, bumper

50269160-167

To start with, our new product group "Mounting Kit, bumper" comprises eight items. They include 10 OE references to which 217 vehicle applications are linked. This product group allows us to cover over 12,785,763 approvals in our European focus markets.

In the event of minor collisions or even when the bumper is installed and removed, the clips may break off and require replacement. Herth+Buss offers assembly kits adapted to the respective vehicle so that the bumper can be attached again.
