# Automatic transmission

# oil MB 236.16 / 17

# 9.58051

DT Spare Parts Automatic transmission oil 9.58051 is a high-performance ATF for use in the newest Mercedes-Benz 9-speed automatic transmission (9G-Tronic). It is characterised by a sustained, soft gear changing behaviour, excellent oxidation stability and a superior, consistent friction coefficient. The lowered viscosity ensures maximum fuel economy.

DT Spare Parts Automatic transmission oil 9.58050 is intended for use in the newest 9-speed automatic transmission (9G-Tronic) from Mercedes-Benz, as well as NAG3 (New Automatic Gearbox of the 3rd Generation) with the prototype 725.011. It can also be used in gearboxes with the MB 236.16 specification.

It is not backwards-compatible and therefore not suitable for use in older transmissions.
