

Attention! Important flushing information

EN Flush the systems thoroughly

This application suffers from high wear rate that contaminates the oil. Failure to flush the system correctly and thoroughly before fitting a new pump will result in premature failure of the pump.

Failure due to contaminated oil is not covered by warranty!

DE Anlage sorgfältig spülen

Diese Anwendung leidet an starkem Verschleiss und verunreinigt dadurch das Öl. Wird die Anlage vor dem Einbauen einer neuen Pumpe nicht ordnungsgemäss und gründlich gespült, kann die neue Pumpe vorzeitig ausfallen.

Störungen durch verunreinigtes Öl fallen nicht unter die Garantie!
