Custom-fit quality shock absorbers for Asians and Europeans

We are expanding our range of shock absorbers for Asians from the Jakoparts range with perfectly fitting, high-quality shock absorbers for European vehicle models.

Currently we have a total of over **325 shock absorbers** in our range, **140 of which are shock absorbers for European vehicles**. By continuously expanding our range, we can reliably cover a constantly growing market and guarantee high availability. Thanks to exact parts allocation, the shock absorbers available in the Jakoparts range for Asian and European vehicles are a perfect fit and individually adapted to the respective vehicle.
