Mitsubishi 4M4# Head Gaskets

HG1539 vs. HG2258

Similarity in gaskets can easily lead to fitment and performance issues. The two gaskets below are a case in point, both fit Mitsubishi four cylinder common rail **4M4#** generation engines. However **HG1539** fits the earlier **3.2 (4M41)** engine, whereas **HG2258** is for the newer **3.0 (4M42-3AT2)** with additional holes.

HG1539

HG2258

Best Availability. Best Value.
Best Quality. Best Service.
